MARCH 2023

YOUR GATEWAY TO PARKING MANAGEMENT ...AND PROFITABILITY

At Karabo Parking Management we operate across seven provinces and promise our clients "minimum stress and maximum revenue". It's a promise we work very hard to keep – through hands-on management, superhero levels of service, innovative equipment-and-management packages (tailored to specific client needs) as well as astute and transparent financial management.

OUR NEW FINANCIAL MANAGER

We welcomed Jacques Louw as our new Financial Manager on 1 February. He replaced Zandre Colombo who left after many years of loyal service to pursue a brand-new career in aviculture. Jacques is a highly experienced accountant and auditor, and we are very pleased to have him join our Management team.

NEW NATIONAL MINIMUM WAGE

The new National Minimum Wage for employees has been increased to R25,42 per hour as of 1 March 2023. We'll be examining how best we can manage this in terms of existing contracts.

TRIPLING PARKING REVENUE

That's exactly what we achieved recently! Within three months of on-boarding a new parking site in Gauteng, we tripled the site's revenue by implementing tighter financial controls and more efficient on-site management with well-trained Karabo staff.

Talk to us if you'd like to see us do the same for your parking operations in 2023.

Best regards

HANNES BOTHA: CEO of Karabo Parking Management
